THE GETTY CENTER

NOTICE.

ORDERS will be executed as promptly as possible and at lowest current rates consistent with quality. Our terms are net cash, 30 days, except where parties are unknown to us or have no commercial rating, in which case we ship C. O. D., and when so sent collection charges are added to the invoice, an expense which customers may save by remitting with order. Four pounds or less can be sent by mail for 1c. per ounce (always at consignee's risk), where express service is not obtainable or not desirable, but postage must be paid by consignee. Express companies will not accept C. O. D. packages where amount to be collected is less than $1.00.

The Clearing House Association of New York City, which includes all banks, has adopted a rule compelling banks to charge exchange on out-of-town checks, and for this reason we are obliged to require our customers to remit in funds payable in New York, upon which we can realize without expense.

HAMMACHER, SCHLEMMER & CO.
